DETAILED ACTION

Response to Amendment

1. The Examiner has carefully considered Applicant's amendments and accompanying remarks filed on 12/18/2001. Per response the title has been amended, claims 7, 10 & 13 have been cancelled, claims 1, 19, 20 & 21 have been amended, and new claims 27-40, not 27-39- have been added. It appears that a typographical error occurred on Applicant's part and there were 2 claim 34's. Under Rule 126 the claims were renumbered correctly and thus the new claims are 27-40 instead of 27-39. Therefore, at this time in the prosecution the pending claims in the Application are 1-5, 8, 11 and 14-40. The amendment overcomes the previously made rejections.

The USPTO acknowledges that Applicant has informed the USPTO of the ongoing litigation involved with USPN 6,048,810 (Baychar Inc. et al. v. Frisby Technologies inc. et al. Civil Docket No. CV-01-28-B). However, no papers have been received as of yet. The IDS's provided from this litigation have been reviewed.

Claim Rejections - 35 USC § 112

- The following is a quotation of the second paragraph of 35 U.S.C. 112:
 The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
- 3. Claims 35-40 are indefinite for the use of tradename, Lycra in the claims. Where a trademark or tradename is used in a claim as a limitation to identify or describe a particular material or product, the claim does not comply with the requirements of 35 USC 112 2nd paragraph. See Ex Parte Simpson, 218 USPQ 1020. The claim scope is uncertain since the trademark or tradename cannot be used properly to identify any particular material or product. A trademark or trade name is used to identify a source of goods, and not the goods themselves.

Page 3 Application/Control Number: 08/887,847 Art Unit: 1771 Claims 31, 32, 35, 36, 37, 39 & 40 rejected under 35 U.S.C. 112, second paragraph, as 4. being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 31 recites the limitation "inner moisture transfer composite" in the preamble of 5. the claim. There is insufficient antecedent basis for this limitation in the claim. The previous language used for the preamble was "moisture transfer system", thus it is indefinite. Claim 32 recites the limitation "moisture transfer composite" in the preamble of the 6. claim. There is insufficient antecedent basis for this limitation in the claim. The previous language used in the preamble was "moisture transfer system, therefore there is a lack in antecedent basis. Claim 35, 36, 37, 39, 40 recites the limitation "the liner according to claim..." in the 7. first line of all of the aforesaid claims. There is insufficient antecedent basis for this limitation in the claim. None of these claims depend from Claim 19, which does have the limitation of a liner. Thus the claim is incomplete and therefore indefinite. Claim 33 recites the limitation "inner moisture vapor transfer layer" is indefinite 8. because the Examiner is unsure whether Applicant intends to claim the single layer of the liner or the entire liner as set forth in Claim 19. Claim 34 recites the limitation "inner moisture transfer layer" is deemed indefinites as 9. the Examiner is unsure as to whether Applicant is claiming the single layer of the moisture transfer composite or the entire moisture transfer composite as set forth in Claim 27. Allowable Subject Matter Claims 1-5, 8, 11, 14-18, 19-26, 27-30 are allowed. As indicated in the last office 10. action 14-18 are allowed.

11. Claims 31-40 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
